Contents

| Unit | Operational topics | Communication functions | Language content |
|--|--|--|--|
| Introduction | | | |
| 1 Language and communication in aviation page 7 | <ul style="list-style-type: none"> Types of RT communication situations Examples of miscommunication Managing communication | <ul style="list-style-type: none"> Standard phraseology and plain language Misunderstanding Readback Communication errors: Omitted or incorrect call sign Types of transmission Requesting clarification and making requests Saying why unable | <ul style="list-style-type: none"> Easily confused words Word endings Interrogative words and phrases Abbreviations Using glossary definitions American and British English |
| PART A: Hazards on the ground | | | |
| 2 Ground movements page 17 DVD: Danger on the runway | <ul style="list-style-type: none"> Airport markings and signs Airport layout and areas Ground equipment Turnaround incidents Start-up and push-back approval Hot spots | <ul style="list-style-type: none"> Communication errors: failure to acknowledge correctly (ATCOs) Confirming and clarifying Requesting confirmation Describing the seriousness of a situation Giving instructions and resolving problems Detailed taxi instructions Handling turnaround incidents | <ul style="list-style-type: none"> Location and movement Alphabet and numerals Adverbs Abbreviations Physical characteristics (colour, shape, size) Incident vocabulary Word endings |
| 3 Communication on the ground page 29 | <ul style="list-style-type: none"> Turnaround Ramp safety Handling incidents involving engineering, ambulance, security, firemen, tow vehicles etc. 'We're now at take-off.' Managing a fire emergency | <ul style="list-style-type: none"> Communication errors: failure to acknowledge correctly (pilots) Reporting anomalies Describing what you can see, hear and feel Asking for clarification Responding to problems Managing a departure Coordinating actions | <ul style="list-style-type: none"> <i>-ing</i>: current actions and functions in word groups Expressing compliance Ground equipment vocabulary Perception: describing what you think is happening Having something done Pronunciation: verbs ending in <i>-ing</i>; States and changed states |
| 4 Runway incursions page 39 DVD: When attention is diverted | <ul style="list-style-type: none"> Runway confusion The causes of runway incursions Incident precursors Taxiing best practice ICAO recommendations for avoiding runway incursions (ATC) Low-visibility operations Sterile cockpit Distractions Situational awareness SMG | <ul style="list-style-type: none"> Call signs Readback Communication errors: failure to seek confirmation Dealing with garbled messages Reporting past actions From phraseology to plain language Conditional clearances | <ul style="list-style-type: none"> Safety vocabulary and synonyms Modal verbs Taking notes Describing events in the past Pronunciation, phrasing and fluency |
| PART A REVIEW (Units 2–4) page 50 | | | |
| PART B: En-route | | | |
| 5 Environmental threats page 53 DVD: Volcanic ash hazard | <ul style="list-style-type: none"> Environmental phenomena Pilot reports METAR, TAF and ATIS Weather radar Effects on flight paths Windshear Responding to weather conditions Icing Volcanic ash clouds Handling abnormal conditions in flight | <ul style="list-style-type: none"> Communicating weather information Communication errors: Expectation bias (1) Correcting Describing a flight path Reading back and confirming Clarifying and rephrasing Using coded/numerical sources Saying why you are unable to do something | <ul style="list-style-type: none"> Environmental phenomena Adjectives for describing environmental conditions Met abbreviations Changing conditions Same words used in different ways Interrogatives Stress and intonation Word recognition and context Paraphrasing Describing consequences |

| Unit | Operational topics | Communication functions | Language content |
|--|--|---|--|
| 6 Level busts page 65  DVD: Level best | <ul style="list-style-type: none"> ◆ Level bust situations ◆ ATC abbreviations ◆ Causes of level bust ◆ Reasons for communication breakdown ◆ Memorisation ◆ Recommendations for pilots and controllers for avoiding level busts ◆ Negotiating level changes | <ul style="list-style-type: none"> ◆ Reporting incidents ◆ Communication errors: readback and hearback errors ◆ Distinguishing call signs, frequencies and settings ◆ Identifying causes ◆ Managing separation and level changes | <ul style="list-style-type: none"> ◆ Verb forms: active and passive in the past; Use of infinitive and present participle ◆ Prepositions ◆ <i>Fail to</i> ◆ Word stress and intonation ◆ Describing incidents ◆ Homophones ◆ Enunciation, intonation and phrasing ◆ Conditionals |
| 7 Decision making page 76  DVD: Loss of communication | <ul style="list-style-type: none"> ◆ US Airways Flight 1549 ◆ ETOPS diversion at night ◆ Cardinal points ◆ Decision making role plays ◆ Decision making and the language barrier ◆ The effects of stress ◆ Managing abnormal situations | <ul style="list-style-type: none"> ◆ Incident and action reporting ◆ Expressing uncertainty ◆ Communication errors: failure to question instructions ◆ Dealing with a lack of language proficiency ◆ Asking about and expressing feasibility and intention | <ul style="list-style-type: none"> ◆ Use of simple past and present continuous ◆ Phrasing, pronunciation and fluency ◆ Stressed syllables ◆ Useful phrases for dealing with a lack of language proficiency ◆ Cause and effect: asking for reasons and explaining why |
| PART B REVIEW (Units 5–7) page 89 | | | |
| PART C: Approach and landing | | | |
| 8 Approach and landing incidents page 92  DVD: Call sign confusion | <ul style="list-style-type: none"> ◆ Expectation ◆ Runway friction coefficients ◆ Runway excursions ◆ Stabilised approach ◆ Loss of situational awareness ◆ Approach hazards ◆ Landmarks, terrain and obstacles ◆ Jeppesen approach chart ◆ On short final ◆ Go-around | <ul style="list-style-type: none"> ◆ Correcting erroneous expectations ◆ Asking about availability ◆ Communication errors: uncorrected erroneous readback ◆ Expressing concern ◆ Describing precautions ◆ Expressing urgency ◆ Relaying information | <ul style="list-style-type: none"> ◆ <i>Should</i> ◆ Giving advice using <i>should</i> ◆ <i>Will</i>: future, intention and undertaking ◆ Relaying information using reported speech ◆ Describing position ◆ Distance |
| 9 Handling a technical malfunction page 105  DVD: NZ60, a free lesson (Part 1) | <ul style="list-style-type: none"> ◆ ATC technical failures ◆ Aircraft system failures ◆ Consequences of a technical failure ◆ Flight crew discussions ◆ Electrical failure during approach ◆ Monitoring a situation ◆ ILS malfunction | <ul style="list-style-type: none"> ◆ Summarising ◆ Suggesting action ◆ Communication errors: failure to request clarification ◆ Announcing a change ◆ Self-correcting ◆ Asking and answering about consequences and reasons | <ul style="list-style-type: none"> ◆ Describing technical conditions ◆ Talking about consequences ◆ Phrasal verbs (1) ◆ Conjunctions and function words ◆ Using context to distinguish between similar words |
| 10 Reducing approach and landing risks page 116  DVD: NZ60, a free lesson (Part 2) | <ul style="list-style-type: none"> ◆ Avoiding action ◆ TCAS ◆ Visual References ◆ Landing hazards ◆ Do-lists and checklists ◆ VOR DME procedures ◆ Crew and Team Resource Management ◆ ATC functions ◆ Threat and error management ◆ ALAR ◆ Problem solving | <ul style="list-style-type: none"> ◆ Saying unable ◆ Announcing a compulsory action ◆ Announcing a (nearly) completed action having an effect on the present ◆ Announcing an avoided problem ◆ Communication errors: Expectation bias (2) ◆ Reporting a previous communication ◆ Describing procedures | <ul style="list-style-type: none"> ◆ Phrasal verbs (2) ◆ Present perfect tense ◆ <i>Still</i> and <i>yet</i> ◆ Summarising ◆ Expressing preferences ◆ Reported speech ◆ Phrasing, stress and intonation |
| PART C REVIEW (Units 8–10) page 128 | | | |
| Pairwork Activities page 131 | | Answer key page 166 | |
| | | Audioscript page 174 | |
| | | Glossary page 191 | |
